 - Smarttek Compatible
 - Additional Text or email alarms
- Simple user interface for setup and operation
- Measures temperature, pressure, and other parameters

Specs:

- 10" Victaulic connection points
- 110v power required
- 200psi fittings used
- 1,171 lbs
- Fork pockets

Buffer Tank Alarm

A simple alarm system to alert users of the change in depth of their tank.

*This is a simpler version of the Automated Valve skid. It does not have valve control, but has audio/visual alarms and wireless monitoring.
